

Hike & Hang

Introduction to “Hammocking”

Who: Rich Thome
Hosted by
Friends of
Harrison Hills

When: Saturday, May 25
1:00-3:00

Where: Environmental
Learning Center
Harrison Hills Park

If you are a seasoned tent camper and would like to try something new or simply want to enjoy an afternoon relaxing in nature, a hammock may be just what you are looking for!

A short hike will take participants to a site where they will be introduced to hammock basics such as hammock material, length, suspensions, insulation, rain shelters, and how to comfortably and securely lay in a hammock.

After trying out the hammocks (shoes off, please), participants will learn a few select knots and their application then practice the newly acquired skill by constructing a tarp shelter.

Richard Thome, Physical Education Teacher at Burrell High School, teaches a class entitled Outdoor Pursuits. Relax in your hammock this summer whether it's at a camping site or just "hanging out" at home.

To register: email susangoughler@yahoo.com
Class is limited to 12. You must be registered to attend.
Suggested \$5.00 donation to Friends of Harrison Hills
